CATERING

OUR PHILOSOPHY

Losing a loved one is an incredibly difficult and emotional time. It can feel overwhelming, and the thought of having to plan and organize a funeral on top of the grieving process can add to the stress and burden.

Our compassionate team understands the importance of providing comfort and support to friends and family during this time, which is why we strive to take the stress out of funeral arrangements by providing delicious and elegantly presented food.

With a wide range of menu options and attention to detail, you can trust that we will make sure your guests are well taken care of.

Our packages include biodegradable plates, cutlery and napkins.

Crockery and cutlery hire, service staff, or hot drinks can be added for an additional cost.
